Profile summary

Aspiring Software Engineer with strong foundation in Data Structures & Algorithms and hands-on experience in software development. Proficient in C++ and Java, with proven problem-solving ability demonstrated through 800+ coding challenges across major platforms. Passionate about writing clean, efficient code and constantly improving through learning, building, and collaborating. Seeking opportunities to apply technical skills and contribute effectively to real-world engineering projects.

Education

- **Bachelor of Technology (Computer Science and Engineering)** 2024–2027
Chandigarh Group of Colleges, Jhanjeri
CGPA: **8.55**
- **Diploma in Computer Science and Engineering** 2023
Government Polytechnic College, Gulzarbagh, Patna
CGPA: **8.24**
- **Secondary School Education** 2020
Ichchha Public School, Gaya, Bihar
Percentage: **78.2%**

Projects

ResolveHub: Help Desk Ticketing System [🔗](#)

- Developed a full-stack, database-driven ticketing system with role-based access (**Admin, Support Agent, End User**).
- Designed features for ticket submission, real-time status updates, and an admin panel for managing users and categories.
- Focused on **scalability, reliability, and fault-tolerance** in ticket processing.
- **Tech Stack:** Node.js, Express.js, PostgreSQL, Prisma, JavaScript, HTML5, CSS3

Smart Stock Portfolio Optimizer [🔗](#)

- Built a stock portfolio management tool to **analyze and optimize investments** using diversification metrics.
- Implemented algorithms to track portfolio performance and provide recommendations for better decision-making.
- Applied principles of **optimization and algorithm design** for financial analytics.
- **Tech Stack:** JavaScript, HTML, CSS

Terminal Based Portfolio [🔗](#)

- Developed an interactive personal portfolio that effectively mimics a terminal interface for an engaging user experience.
- Showcased skills, projects, and achievements through command-style interactions.
- **Tech Stack:** HTML5, CSS3, JavaScript

Skills

- **Technical Skills:** C++, Java, HTML, CSS, JavaScript, C++ STL, Node.js (Basics), Express.js (Basics), Git, GitHub, MySQL, MongoDB
- **Soft Skills:** Leadership, Problem Solving, Teamwork, Communication, Adaptability, Time Management
- **Core CS Concepts:** Data Structures & Algorithms, Object-Oriented Programming, Operating Systems, DBMS, Computer Networks, Computer Organization and Architecture

Achievements / Participation

- Secured a **Global Rank of 798 out of 25,510 participants** in a CodeChef Weekly Contest, placing in the **Top 3.1%** worldwide.
- Secured **6th position** in **Code Catana 2.0**, a coding competition organized by college in collaboration with GeeksforGeeks.
- Solved **800+ coding problems** across platforms (LeetCode, GeeksforGeeks, CodeChef).
- Serving as the **Vice President of the Training Advisory Council (TAC)** at CGC University, to organize technical workshops, placement drives, and student development initiatives.
- Actively involved in organizing and participating in **technical workshops, training sessions, and knowledge-driven events** as part of TAC leadership.
- Maintained a **200+ day coding and contribution streak** on CodeChef and GitHub, demonstrating strong consistency and continuous skill development.
- Participated in multiple coding contests across platforms such as LeetCode, GFG, CodeChef, along with several local competitive events.
- Engaged in multiple hackathons, enhancing problem-solving speed, teamwork, and building practical solutions.

Certifications

- **Learn C++** — Certified by CodeChef [🔗](#)
- **Problem Solving Certification** — Issued by HackerRank [🔗](#)
- **Web Development Internship Certification** — ICE Technology Lab [🔗](#)
- **Introduction to MongoDB** — MongoDB University [🔗](#)
- **Cybersecurity Certification** — Cisco Networking Academy [🔗](#)
- **IT Essentials Certification** — Cisco Networking Academy [🔗](#)
